

Carmeuse has more than 150 years of experience in quarrying and transforming limestone and dolomite into lime products using different manufacturing processes.

IPS was consulted by Carmeuse to design the improvement of existing Lime Production plant in Gabes Tunisia including process design, Mechanical, Steel structure, civil, Electrical & Automation and Safety design.

Main equipment:

- Belt Conveyor
- Screw Conveyor and Elevator
- Dust Collectors
- Screens
- Bagging Machines
- Vibrating Feeder
- Diverter
- Magnetic Separator
- Crusher
- Filter

Engineering Services for Gabes Plant Revamping Project

Carmeuse, Tunisia

PRIMARY

TUNISIA

Principal project data

Project achieved

Scope IPS

Project Preparation

- Consulting
- Basic Engineering

Project Realization

- Detailed Engineering
- Safety Engineering
- Construction Management

IPS operational unit(s)
