

The Sugar refinery of Tienen was founded in 1836 and is currently part of the Südzucker group. It produces 500.000 tons of beet sugar per year on their sites in Tienen and Wanze. On the site of Tienen, a horizontal silo with a capacity of 30.000 tons, used for the storage of sugar was fully renovated.

Renovation Horizontal Sugarsilo

Tiense Suikerraffinaderij, Belgium, 09/2012 - 11/2012
