

The VPK Packaging group is a medium sized enterprise that was founded in 1935. The headquarter is located in Erembodegem, Belgium. The VPK Packaging Group offers integrated cardboard and paper products as well as custom-tailored solutions adapted to special needs.

The customer planned the erection and operation of a paper machine PM8 for the production of corrugated cardboard raw papers with all the necessary auxiliaries. The project was to be realised in the Zeitz Chemical and Industrial Park in Saxony-Anhalt, but was stopped after the permitting.

Permitting for Paper Plant

VPK, Germany, 04/2008 - 09/2008

PRIMARY AND METALS

PROJECT PREPARATION

PROJECT REALIZATION

GERMANY
