

Carmeuse has more than 150 years of experience in quarrying and transforming limestone and dolomite into lime products using different manufacturing processes.

IPS was consulted by Carmeuse to design a complete new Kiln for lime production plant with additional capacity of 400T/day located in SALALAH, OMAN. Main equipment:

- Kiln
- Filters
- Conveyors
- Blower Room
- Electrical Room

## Engineering Services for Additional Kilns of Oman Lime Plant

Carmeuse, Oman, 2019–2020

PRIMARY

### Principal project data

Extension lime production plant with additional capacity of 400t/ day

### Scope IPS

- Strategic Consultancy
- Master Planning
- Project Preparation
- Detailed Design
- Permitting
- Procurement management
- Project planning
- Layout

### IPS operational unit(s)

- IAPS SARL
